The indefinite rejection under 35 USC 112, first paragraph of claims 15-16 have been withdrawn in view of applicant's cancellation of the claims.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

1. Replace 4,5-b"] with 4,5-b'] in Claims 4 and 6

Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance.

This invention relates to compounds of the formula

wherein A, B, D, R, E, R², R³, and X are defined, a composition comprised of said compound with ophthalmologically acceptable preservatives and/or surfactants, and a method of lowering intraocular pressure comprising administering a therapeutically effective amount of said composition. The novel and non-obvious aspect of this invention is the 5-membered monocyclic ring containing A, B, and D. The closest prior art of record (Journal of Medicinal Chemistry, 1996, Vol. 39, No. 15, p. 2954) fails to teach or suggest the five-membered ring found in applicant's instantly claimed compound(s), pharmaceutical composition, or method of use.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
